Here are Descriptions of Painted Daisies shown at right

See colored picture at right.

Miami Queen. The two large flowers at the top of the picture are both Miami Queen. Note the beautiful coloring and note particularly the beautiful tufted center, as fluffy and pretty as a hot-house Chrysanthemum. Miami Queen grows as large or larger than any Painted Daisy now grown.

Buckeye. The two flowers, one small and one large, at the right of the picture are Buckeye. Buckeye can be distinguished by its rich dark coloring. It is very similar in form to Miami Queen. The only difference is in the coloring which is almost pure red, just slightly on the verge of purple.

Trojan. The large flower in the lower left of the picture and the small one just above it are Trojan. It is almost as dark as Buckeye and, like Buckeye, is similar in form in Miami Queen.

The small flowers shown in this picture will soon open up to the full size of the larger flowers shown.

Miami Queen—Two flowers at top.
Trojan—Large flower at lower left.
Buckeye—Large flower at lower right.

New!

Three Painted Daisies with Chrysanthemum Centers!

Just imagine the fluffy beauty of a hothouse Chrysanthemum combined with the demure and charming beauty of the Painted Daisy! The picture at the right can give you an idea but does not do justice. Only in the flowers themselves can you see the dainty fluffiness of the centers, the rich coloring, and the shy grace of the petals. These are Painted Daisies over whom some fairy godmother—like Cinderella's—has waved a magic wand, and like Cinderella they captivate everyone with their new-found loveliness.

They grow 24 to 30 inches high and spread about 2 feet when full grown. Have produced as many as 50 flowers per plant per season. Very fine for group plantings and borders. Can be used in rock gardens when gardens are constructed to permit plants of this height. Fine for cutting.

Price, 50c each; 3 for \$1.15; 6 for \$2.00; 12 or more at 30c each.

Fall Planting, and Why!

Dear Friends:

Everything listed in this catalog can safely be planted in the fall. Tulips, hyacinths, narcissus, scilla, ixia, chionodoxa, crocus, poppies, Dutch, Spanish, and English Iris, snowdrops, and eranthis must be planted in the fall, and you will get better results by planting peonies and German iris in the fall, although they can be planted in the spring.

Fall planting saves you almost a year even on plants which can be planted in the spring because they will start growing just as soon as the frost leaves the ground. This early start-off gives your plants and bulbs a strong root and top system long before your hot, dry weather begins, which is a big advantage in favor of fall planting.

Here in Michigan where the temperature goes far below zero, we have planted both bulbs and plants in November and December. The following spring and summer this late fall planting equalled in every way the plants and bulbs which were planted out the previous spring. The best and largest German Iris we ever grew were planted in late November.

Why wait until spring to plant bulbs and plants which can safely be planted in the fall? Many items in this catalog must be planted in the fall because they cannot be furnished for spring planting. Plant now and get quick and sure results. Have beautiful flowers early next spring and all summer long.

Order now, but leave the shipping date to us. We will deliver your plants at the proper time for planting and we will send you instructions telling how to plant and how to carry the plants and bulbs through the winter in tip-top shape. Come and see us whenever you can.

Sincerely yours,

J. E. Beatty

TWENTY Beautiful Narcissus \$1.00

Finest varieties mixed and not labeled. Who cares for names where beauty is concerned! Glory of Sassenheim is beautiful without the name and so are Laurens Koster, White Lady and the others. Fine for planting in your lawn or among shrubbery, or amazingly beautiful in any planting. Big value!

How to Naturalize

To plant in sod, simply drive a stick into the sod about 6 inches, then push the bulb down into the hole—that is all. It will grow and bloom among the grass blades with beautiful effect. Scatter promiscuously for naturalizing.

Narcissus and Daffodils for Flowers in Early Spring

WHITE LADY (Leedsii)

Beautiful white; early May. Sweet scented. 6 for 45c; 12 for 80c.

GLORY OF SASSENHEIM

Large yellow trumpet, silvery white deck leaves; late April. 6 for 75c; 12 for \$1.25.

VON ZION (Double)

Beautiful yellow all over; early April. Note unusual earliness. 6 for 75c; 12 for \$1.25.

LAURENS KOSTER (Poetaz)

White petals, orange cup. Many flowers on one stem; early May. 6 for 45c; 12 for 80c.

KING EDWARD VII

Snow-white petals, deep yellow center, orange edge; early May. 6 for 45c; 12 for 80c.

ALBO PLENO ODORATO

Beautiful white, rose-like. Blooms for Decoration Day. Delightful odor. 6 for 45c; 12 for 80c.

6 to 8 Weeks of Flowers

These Narcissus bloom from early April till June—Beginning with Von Zion, early April, and ending with Albo Pleno Odorato late in May and early in June—6 to eight weeks' succession of beautiful soul-inspiring flowers. Plant under your shrubbery. They will bloom before the shrubbery has leafed out. Or plant in the sod of your lawn. Most varieties finish blooming before lawn mowing time.

You have seen Narcissus and know their beauty. These are as beautiful as any you have ever seen.

King Alfred

Now priced low for outside garden planting. Narcissus lovers, here is your opportunity! Shaped like Glory of Sassenheim but deck petals more round. Trumpet and deck leaves clearest, most beautiful golden yellow you ever saw. Mammoth in size. Borne upright on strong, straight stems. Blooming period latter part of April. Very strong, vigorous grower. Glorious!

6 for 75c; 12 for \$1.25; 25 for \$2.00.

Picture shows the Double Snowdrops.

Early Spring Tonic

HERE are flowers that bloom when you have most need of them. These little charmers appear early in the spring, stepping impishly on the very heels of winter and seem to smile reassuringly at mortals who are tired of low hung clouds and gray, gloomy days. Their gay, youthful colors are inspiring and refreshing. They benefit the very spirit.

20 Eranthis **\$1**
Hyemalis
(Winter Aconite)

An exceedingly pretty little flower of rich golden yellow. The blooms nestle among their own pretty green leaves with delightful effect. Especially valuable where ground is inclined to be moist, e. g. under trees. Grow 3 to 8 inches high.

Hyacinths

12 for \$1.50

These flowers should not be overlooked in any planting. Their gay, youthful colors have a freshness and crispness that are very inspiring and refreshing.

for Winter-Worn Spirits

PLANT AMONG SHRUBBERY!

The fine thing about these flowers is that they are through blooming before your shrubs leaf out. Plant them right under your foundation hedge or among your shrubbery groups.

All but Hyacinths can be planted in the lawn, for they are through blooming before lawn mowing time. To plant in the lawn, simply drive a hole with a stick, and push the bulb down into the hole. Consult your planting instructions for proper depth—free with each order.

We offer you two each of six fine colors for only \$1.50, as follows:

- | | |
|----------|----------|
| 2 Yellow | 2 Blue |
| 2 Red | 2 White |
| 2 Pink | 2 Purple |

Note: If you wish you may make your own selection of colors at \$1.75 per dozen bulbs.

Chionodoxa.

20 Chionodoxa \$1

(Glory-of-the-Snow)

Bloom very early, about the same time as Crocus. Spikes 10 to 12 inches high. Plant closely and they will cross themselves, drop seeds and produce a wonderful effect for the future.

28 Crocus \$1

These flowers have a pertness and sauciness all their own. For only \$1.00 we send you 28 bulbs in 4 colors as follows: 7 white, 7 blue, 7 yellow, 7 striped. You will love Crocus.

Crocus.

Campanulata Rosea.

18 SCILLA \$1

One of the finest of flowers for planting in your lawn. Note the pretty Lily shape and delightful color. Two varieties as follows. State choice.

Scilla Campanulata Rosea. Pink. 18 for \$1.00.

Scilla Sibirica. Blue. 18 for \$1.00.

Nine bulbs of each color for \$1.15.

Paper-White Narcissus

15 Big Bulbs, \$1
6 for 50c — 30 for \$1.85

*Bloom In Bowl of
Water—No Soil Needed*

These pretty flowers bring your garden right into the house during the winter—no soil or dirt needed—just place the bulbs among stones in a bowl of water and they grow and bloom.

This offer gives you 15 fine, large bulbs—enough for a continuation of bloom. Plant about five at a time, starting in November and replant with new bulbs at intervals of about 3 weeks. Two collections will last all winter. Price of 2 collections, 30 bulbs, only \$1.85.

25 AFRICAN Corn Lilies (Ixia) \$1

These rare flowers come from far off Africa but are well adapted for our northern climate. They are beautiful flowers with wide color range—scarlet, orange, white, pink, purple, yellow, and intermediate colors. Can be used in practically all locations of the United States if lightly mulched. Fine for bed, border, or in the lawn.

This bargain offer contains a mixture of colors (not labeled). Foliage grass-like; flowers in early spring, 10 to 15 inches high. Should be planted late, otherwise they may start a fall growth which is undesirable.

Price: 25 for \$1.00; 50 for \$1.85; 100 for \$3.25.

Again the Dutch Twins Greet You

Last year these delightful youngsters introduced one of the finest and most unusual Tulip collections ever offered. Now, they offer them again and assure you, in their quaint Dutch manner, that you will be really and truly delighted.

Varieties not in any other collection. Many entirely new, never seen in America before—pure colors, variegated colors, and strange, beautiful markings that you will love. A wide color range, a wide range of types too varied to illustrate.

These Tulips were selected by a true Dutch Tulip grower, born and reared near Lisse, the great Tulip district of Holland, who knows Tulips. We are so certain that you will be happy with this collection that we offer to refund your money when they bloom if you are not satisfied. Order now before our supply is exhausted. Prices above.

The CREAM of 300 BEST ~ HARDY PHLOX ~

Eiffel Tower.

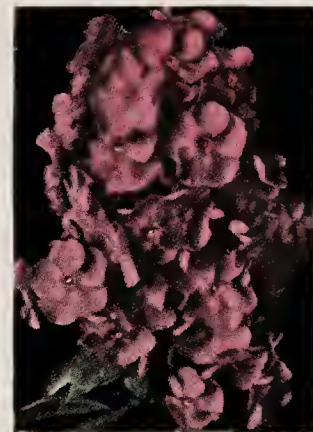

Paladin.

A year ago three experts, after searching the flower world, selected 300 varieties of Phlox that were outstanding and best. These 300 were selected from all that had any merit and with these they made a second sorting and selected the 50 that were most outstanding. Then a third sorting was made and the 10 shown here were selected.

The Cream from Over 200 Best Chrysanthemums

The best of the best! Starting with over 200 best varieties, culling, sorting, choosing, we assembled this amazing collection of 10 Chrysanthemums. Many of them entirely new—all of them new to most of you. **Very little danger of finding them in your neighbor's garden.** These have proven to be the choicest, rarest, hardest, most beautiful of all those 200 best "Mums." Tested over a period of 4 to 5 years or more. Order them! You will be satisfied. Order varieties separately or in collections.

Scarlet Beauty Collection

This collection features the famous Scarlet Beauty "Mum" and four other equally rare and beautiful varieties. Order varieties singly at prices quoted, or we will send you one each—5 in all—for only \$1.00, postpaid.

Scarlet Beauty. A brilliant burst of deep scarlet fire, and lots of it! The ease with which this variety produces flowers and then more flowers will be a cause of continual wonder to you. Fine for cutting. Midseason bloomer. 35c each; 6 for \$1.75.

Snowclad. Extra choice, clear white. Seldom listed because of its scarcity. Midseason. 30c each; 5 for \$1.25.

Eva. Dwarf, deep pink. Grows 18 inches high on stiff stems. Flowers are large. One of the very best early pinks. One of the most profuse flowering. 30c each; 5 for \$1.25.

Golden Queen. Tall growing golden yellow. Blooms midseason. An excellent garden variety. 30c each; 5 for \$1.25.

Indian. Shaggy, coppery red flowers so unique that they defy description. Medium in size. Late bloomer. 30c each; 5 for \$1.25.

The Cream of the 300 Best Phlox

Continued from
page 9.

These are the cream—the best of the 300 best. Many of them are entirely new—the entire list is new to nine out of ten of you.

These are varieties you can plant with every assurance that you have something unusual and beautiful—SOMETHING YOU WILL NOT FIND CROPPING UP IN EVERY NEIGHBOR'S GARDEN.

We do not believe that any collection of Phlox has ever before been assembled with the unusual merit that this collection offers

you. You can buy them by individual varieties or we offer them in two collections, giving you the entire list at special prices. Order at once because the supply for the first year is limited and probably will be limited for several years to come.

Descriptions of all varieties will be found on this page in positions corresponding to positions of illustrations on page 9.

Eiffel Tower

The delightful part of this Phlox is in the shading. First comes a pretty white eye, then almost pure red, which shades off to white. Appears pink at a distance. 25c each; 10 for \$2.00.

Count Zeppelin

Large, pure clear white with distinct vermilion-red eye, giving pretty polka-dot effect. 25c each; 10 for \$2.00.

Saladin

Clear, deep brilliant vermilion-red with dark purple shading in center; a very rare color scheme 30c each; 10 for \$2.50.

AUTUMN KING!

This beautiful Iris is so crammed with blooming power that it just can't get through in the spring—and so it has a second blooming season in the fall. We have never seen an Iris that produces such amazing loads of beautiful blooms as this one. The lovely purple and blue flowers are produced in such great abundance that they almost completely hide the foliage, and in the soft shades of evening, and when viewed at a distance, they seem like a pearly blue mist

over the plants—a decidedly beautiful effect!

Autumn King is one of the most graceful Iris we have ever seen. Flower stems are straight and free from angular “elbows” and each bears 3 to 4 lovely blooms or more. Height of flower stems about 24 to 30 inches; height of foliage about 15 inches, both uniform in height, giving a fine, even, compact effect—not straggly.

Even if you never liked Iris before, you are going to love them now! This Iris is wonderful! Blooms in late May and June, then again in the fall. Price: 1 for 35c; 2 for 50c; 5 for \$1.00.

This is not an ordinary collection. For more than six years we have been testing hundreds of Iris varieties, propagating those which we found best, and discarding those which did not meet our rigid requirements, until now we have only 40 varieties and this collection of twenty new Iris is selected from the finest of those forty.

Here is your opportunity to get new and outstanding varieties for only a fraction of the price that will be charged later when we offer these same varieties separately and by name.

This year we have just a few above our planting requirements and are putting them into this wonderful collection. After these are all gone we must refuse all orders, **so order early!**

Rarely do we see such a wonderful combination of size and beauty as is found in this new Sateena Iris. The blooms are nearly 6 inches tall from bottom of lower petals to the top of upper petals and with all its massive size it maintains a wonderful shape. Note illustration. Upper petals are held straightly upright and are a beautiful light frosty blue; lower petals are deep rich purple with golden throat, and beautiful gold and purple zebra markings at the base. Inner petals are unusually beautiful.

Sateena Iris is very tall and stately—nearly all are 3 feet or more in height. This is indeed one of the most beautiful Iris we have ever seen and we recommend it to all. Easily grown.

Wedgewood Dutch Iris

Earliest of All Dutch Iris

Turn the page and see color pictures of these three new time-beaters. Imagine a Chrysanthemum and a pink Phlox that bloom in June—and on—and a beautiful new blue Dutch Iris that beats all others. These new flowers scratch days and weeks from your calendar—they give you your favorites earlier and longer. They set a new time schedule in your garden. They save time for you and they are amazing in their beauty. Point for point they will match and out-match your former favorites.

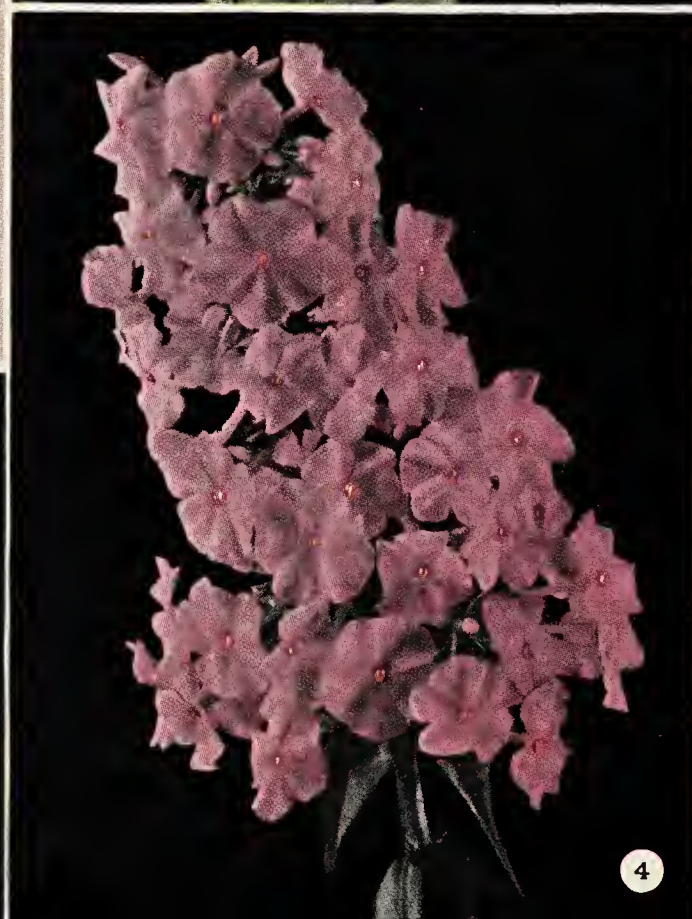

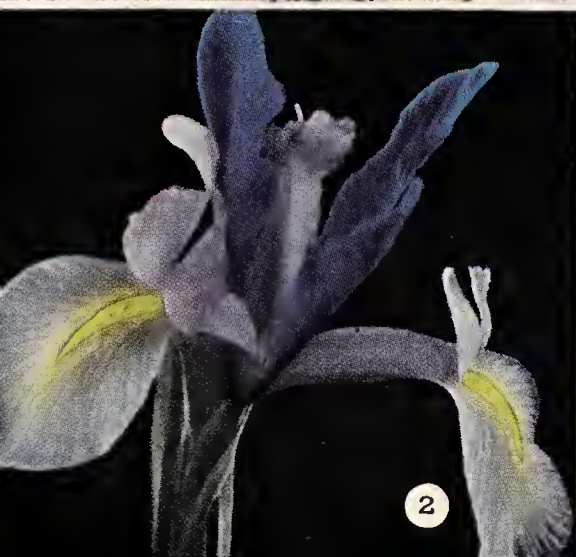

TOWER of BLUE See page 16 BEAUTY

Turn the page and see the stunning indigo Lamartina, the new Delphinium that comes from the Netherlands to color your garden. This is no grudging flower but a free-handed, princely giver of rich blue beauty, almost extravagant in its generosity. Not satisfied with a single spike, it sends out many lateral spikes which grow and develop before the top spike fails, each in turn taking its place at the top to add to Lamartina's everblooming habit. Many spikes flowering at once. Four to five feet high and higher—often as high as seven feet. Blooms nearly all summer.

6 WEEKS EARLY

Aladdin Chrysanthemum (3)

Imagine a hardy garden "Mum" blooming from late June to November. Bronzy yellow flowers richly stained with red and apricot, big fluffy $2\frac{1}{2}$ -inch beauties. Sensation. Earliest of all "mums"—6 to 8 weeks early.

Fine large field-grown plants—don't confuse with hothouse plants. Worth double. Limited supply. 65c each; 2 for \$1.00; 5 for \$2.00.

INDIGO BLUE

Lamartina Delphinium (1)

Absolutely the richest, deepest, purest blue yet found in a Delphinium. Four to five feet or more of it. **Ever-blooming.** Continues throughout the summer, middle of June on, rich with heavily blooming lateral spikes, 10 to 20 on a plant, each in a hurry to take its place as chief bloomer. A tower of rich indigo blue color. Stands heat extra well. Further description on page 15. 50c each; 3 for \$1.15; 6 for \$2.00.

4 WEEKS EARLY

Pink Charmer Phlox (4)

Starts in June, 30 days earlier than most others, continues until September. Extra hardy. Easily grown—5 to 10 spikes per plant, 3 feet tall. The earliest, clear mauve-pink Phlox known. Comes from the Dutch flower growers in the Netherlands. 50c each; 3 for \$1.15; 6 for \$2.00.

EARLY

Wedgewood Dutch Iris (2)

Note the beautiful sky-blue color. Formerly priced too high for home gardeners, now quoted at prices you can pay. The earliest of all Dutch Iris. 3 for 50c; 6 for 75c; 10 for \$1.00.

and Unusual!

Here on these two pages are real, true blue-bloods of the flower world—not to be found in every back yard of the country. Here are flowers that you can order with the purpose of being different from your neighbors. These flowers have had such an exceedingly small distribution that they really deserve to be called new.

Perfection Poppy

(Picture at right)

As beautiful as a ballet dancer's dainty pink costume! The petals are fluted and pleated in a manner entirely different from other Poppies and stand out prettily from the center as if carefully starched and ironed into shape. Color as delicately pink as the inside of a well-preserved seashell. And then against this beautiful background comes the center—rich purple-black stamens feathery and beautiful. Fine, new shape, fine foliage.

Last year we priced Perfection at \$1.00 each. Now, they are only 50c to 75c each, depending on quantity ordered. Don't wait too long before ordering. 1 for 75c; 2 for \$1.25; 3 for \$1.65; 4 for \$2.00.

Mandarin Poppy

(Picture
at
right)

Here is a striking and beautiful addition to the great group of brilliant red Poppies. And this Poppy has a new characteristic that other red Poppies do not have—in practically all the blossoms the black spots are missing from the base of the petals. These spots may occur now and then in Mandarin but only rarely; for the most part you will find them entirely absent and if you like a flower of pure red all through, you will want Mandarin in your garden. A marvel in size, color, and form. Glorious, rich, red. 1 for 75c; 2 for \$1.25; 3 for \$1.65; 4 for \$2.00.

HOW TO KEEP POPPIES

Poppies can be used for cut flowers if you sear the ends of the stems thoroughly in a gas flame immediately after cutting, then put them in water. A little aspirin in the water helps.

Aristocrat Poppies

There is no flower anywhere that spots a garden so well with color as Poppies. The flower heads are large and intense with vivid coloring and they save many a garden from drabness. Best of all, the foliage is a thing of beauty in itself and remains to cover unsightly ground attractively after the Poppies are gone. Many a plant is used for this purpose alone that is not nearly so beautiful as Poppy foliage.

Kellogg's Poppies are true aristocrats. We offer only the newer and finer varieties.

Wurtembergia. The blooms of this beautiful Poppy appear as a brilliant, flaming red torch at the top of beautiful, tall, straight stems—the petals are beautifully crinkled and cupped to give this effect. And, to the beauty of the petals is added the beauty of the centers, which appear as a gushing fountain of rich black stamens. Flower stalks 24 inches tall and more. Beautiful dark green foliage. 50c each; 3 for \$1.25.

Lulu A. Neeley. All the above goes for Lulu A. Neeley except that the edges of the petals are rimmed with black, giving a new and striking effect. 50c each; 3 for \$1.25.

Mrs. Perry. Beautifully crinkled coral-pink petals. Beautiful tufted center as delicately textured as a fairy's feather duster and rich purple-black in color. Blooms well cupped, flowers extra large. 40c each; 3 for \$1.00.

Perry's White. Large clear white flowers with pale lilac base. Finest of all white Oriental Poppies. 45c each; 3 for \$1.10.

Beauty of Livermore. Extremely large crimson flowers with deep blotches. Erect stiff stems. A magnificent show variety rivaling Wurtembergia. 45c each; 3 for \$1.10.

Aristocrat Poppy Collection 10 Beautiful Poppies \$2.50

5 for \$1.50

If bought singly these 10 Poppies would cost you \$4.60, but you get them for only \$2.50. This collection gives you 2 of each of the 5 Aristocrat Poppies listed and described at the left and will make you a wonderful Poppy garden. There are just the right quantities of reds, pinks, and whites to make a wonderful color spot in your garden.

Note the low price.

Here is a flower that is pretty all of the time, right from the word go! The foliage is glaucous (bluish tinged) and **EVERGREEN ALL WINTER.**

First it appears as a little cushion on the ground, all soft and fuzzy like the back of a furry kitten.

Then in May the flower buds appear—hundreds of them—on the ends of short, straight stems that stand out from the plant like the quills of a frightened porcupine.

And finally, late in May, blooming starts. Then the plant looks like a beautiful miniature fireworks display—like hundreds of tiny rockets all exploding at once.

The blooms are similar in size and shape to those of the Maiden Pink, excepting that they are pure deep pink and do not have any markings. They are about three-fourths of an inch across. Everything considered, we do not believe we have ever run across a plant so unique and beautiful as Dianthus Rose Dawn.

This plant is fine for your border or rockery and does well in ordinary soil. Can stand partial shade. Does not grow over 4 inches tall over all. Answers the long-felt demand for just such a plant.

DIANTHUS ROSE DAWN is new this year. Order at once and be sure that you are the first to display it.

Prices: 50c each; 3 for \$1.00; 7 for \$2.00; 12 for \$3.00.

DIANTHUS

TRADE MARK
ROSE DAWN

(*Dianthus Neglectus Compacta Glaucia*)

PERFECTLY HARDY. Can stand coldest winter weather. Lives through when others die.

EVERGREEN FOLIAGE. Stays green the year 'round. Rose Dawn Dianthus is unusual in this respect. It is a new departure in the field of perennials.

VERY LOW GROWING. Meets the demand for a very low and compact plant for borders and rockeries, or for out-front planting in any garden.

KNOWS ITS PLACE. Does not run wild or otherwise get out of bounds. Keeps its shape.

LONG BLOOMING. Four to six weeks blooming period.

BLOOMS AT DECORATION DAY when flowers are most in demand.

FLOWERS ERECT. Unlike other Dianthus, flowers do not lean with the weight of the dew—no lopping.

NEW! With the exception of a very few sold by the originator, this is the first time Rose Dawn Dianthus has been offered. It is something entirely new, something for lovers of the unusual. Order yours now and be the first in your community to have them.

With fall planting, Dazzler will start blooming early in June. Blooms heavily and continuously from then on until late October.

Full Size Blossoms

Note the individual gorgeousness and beauty of each flower. Fine for cutting.

Last year we reported that Dazzler had stood 15 degrees below zero without injury. Now comes a man who says that it stood 40 degrees below. Here is the first hardy everblooming carnation. Lives through the winter the same as any other perennial. Produces flowers of the **most brilliant red you ever saw**. Twenty to thirty blooming stalks on a plant—forty to fifty bright crimson flowers or more open at a time. Flower stalks are long, straight and strong and about 15 to 18 inches high.

Kellogg's Dazzler Blooms the First Year

Dazzler Carnation is the gem of the rockery, the dazzle of the flower garden, the king of the border, and the greatest of all flowers for group planting.

Glorify your garden with Kellogg's Dazzler, the brightest red and most dazzling flower of all time. **Prices above.** Further description on next page.

Dazzler Carnation Plant in Full Bloom

One man seeing Dazzler Carnation in bloom for the first time said that we were not praising it half enough; but it is difficult to describe the brilliant, fiery beauty of this flower. The only plant that can rival Kellogg's Dazzler Carnation in beauty of display is Azaleamum. Kellogg's Dazzler will often make a plant nearly as big as Azaleamum and on account of the fiery red color of the blooms, just as showy. It starts blooming 6 to 8 weeks earlier than Azaleamum. The two are wonderful companion plants. See color picture page 21.

Note: Dazzler Carnation should be planted before October 15th to become well established for winter. Send your order early.

Prices: 1 plant, 50c; 3 for \$1.00; 8 for \$2.00; 25 for \$5.00; 50 for \$9.00.

Flowers**

Here is the plant of amazing beauty and growth. Just imagine over 600 flowers on one plant at one time, first year—over 4,000 second year. Many customers claim even better. Read these quotations!

"At least 1,000 blossoms."—O. A. Wood, Mich. "Would not take \$10.00 for it."—W. H. North, Mass. "You say 600 flowers, I'll bet there are 1,000."—G. Bernard, Ill. "Have never spent a dollar which gave me more enjoyment."—

Mrs. H. Arnett, Iowa. "Eight feet around."—W. J. Sheehan, N. Hamp. "The most beautiful thing I ever saw."—R. C. Hoffman, Ohio.

Azaleamum is a whole flower garden in itself. Plant grows as large as a bushel basket or larger **first year**, and is literally covered with beautiful pink blossoms from middle of August until freezing weather. Amazes your friends and you. If you should have only

\$1.00 to spend for flowers, our advice would be "Buy 2 Azaleamums." Azaleamum gives you more value for your money than any other plant you can buy.

Botanically, Azaleamum belongs to the Chrysanthemum family but in habit of growth it resembles an Azalea. Plants are small at first but quickly spread to form the large, bushy plant shown here. Be sure to order some of these amazing plants. **Prices above.**

**Any \$10.00 Value
in this Catalog**

If you gave me some fine flower plants for Christmas I would be delighted. In fact, I'd think I had received just about the best Christmas gift that anyone could receive.

Now a flower garden for Christmas is possible. Simply write the name and address of your friend at the top of the order blank on the other side. Write your own name and address at the bottom, and mail order with proper remittance, then at Christmas time drop your friend a Christmas card saying that the plants are coming at planting time and we'll do the rest.

You can, if you wish, instead of selecting plants yourself, send us the amount of money you want to spend, and then advise your friend that they have a credit of that much with us and let them make the choice.

We pay postage on all orders amounting to \$2.00 or more. If your Christmas gift order amounts to less than \$2.00, please add 15c for which we agree to deliver the plants to your friend, postpaid.

Please be sure to put your friend's name at the top of the order blank, not your own. Your own name and address are to be filled in at the bottom. Write plainly.

If you send an order at the same time for shipment to yourself, please use a separate piece of paper.

Note: If you want us to send the Christmas card, add 15c to your order and we'll mail a beautiful one.
